

Our professionals
are *certified.*

But *it* WASN'T
a *psychiatrist*
that DID *it.*

All computer professionals face the challenge of keeping up with the accelerated pace of technological advances. To maximise the potential of new technologies, means constantly expanding and updating knowledge and skills.

Expert Software Services is committed to delivering quality best-of-class solutions well into the future. That's why we make sure our experts stay up-to-date by having them certified.

The Microsoft Certified Professional programme provides us with the best method to prove to you our command of current Microsoft products and technologies. The testing methodologies used validate our mastery of critical competencies. It delivers independent verification of everything you demand of our people: technical competency, innovation and quality.

Expert Software Services is committed to the Microsoft Certified Professional programme because it works. We see increased customer satisfaction and decreased support costs through improved service, increased productivity and greater technical self-sufficiency.

So please call Expert Software Services today on 03 9320 6100. Or check us out online at <http://www.expert.com.au>. Because our certified people aren't on a funny farm, they're right here and ready to solve your business problems.
