

# We've got space for talent that's off the planet.

## MS Visual Basic • Permanent/Contract

Expert Software Services is a dynamic, growing company. It's growing because more and more corporate and government organisations are turning to us for quality enterprise client/server, data warehousing, groupware and e-business solutions.

Our success comes directly from the talent and energy of our outstanding team of IT professionals. We have space for you if...

- You have at least 2 years experience with Visual Basic v4/5/6.
- You're familiar with ODBC, SQL Server or Oracle Server.
- You have a background in complete life cycle development.
- You have excellent verbal and written communication skills.
- Your relevant degree is recognised by Australian universities.

So, if you're a talented analyst programmer after a rewarding permanent or contract position, we'd like to hear from you.

For more information about your potential at Expert Software Services check out the Careers section of our web site. Or simply email, fax or post your resume to Lloyd Borrett at:

# If you're so smart, why aren't you working with us in Melbourne?

## Client/Server Analyst Programmers

Expert Software Services is a dynamic, growing IT company. More and more corporate and government organisations are turning to us for enterprise client/server, data warehousing, groupware, internet/intranet and e-business solutions.

Our success comes directly from the integrity, capacity, understanding, knowledge and experience of our teams of talented professionals. We have space for you if...

- You want complete life cycle development experience.
- You need to solve complex problems and be challenged.
- You'll use our training opportunities to become a MCSD.

So if you're an ambitious, hard working, smart professional seeking to work with Microsoft Visual Basic, COM, Transaction Server and SQL Server, we'd like to hear from you.
